Project Title _____

Category _____

Classification _____

Judge’s Name _____

Judge’s Signature _____

SCIENTIFIC [60%]

CHOOSING THE SUBJECT - [8%]

012345678910

4% - The problem is well known and understood

012345678910

4% - The research objectives are clearly stated

SELECTING THE INFORMATION - [14%]

012345678910

4% - Variety (the information is complete and sources are diversified and recent)

012345678910

10% - Accuracy (the information is factual and confirmed by various field publications) **and** relevancy (the information conveyed relates well to the phenomenon under study)

UNDERSTANDING OF THE SUBJECT MATTER - [17%]

012345678910

6% - Understanding of the subject matter

Information is transmitted clearly

Properly linked with the subject matter

012345678910

5% - Reflection (the exhibitor is able to extract the appropriate conclusions from the study)

012345678910

6% - Demonstration of learning

Ability to answer questions

Envision concrete application or new perspectives on the subject

Have a critical mind

PROCESSING OF THE INFORMATION - [8%]

012345678910

5% - Structure and consistency (is there a logical sequence and increasing complexity of the collected information that facilitates audience understanding)

012345678910

3% - The use of terminology is appropriate

INNOVATIVE APPROACH AND PRESENTATION - [13%]

012345678910

13% - The approach is creative and original (there is educational support illustrating the theory, diagrams, tables, charts or objects)

COMMUNICATION [40%]

Exhibit Activities - [14%]

012345678910

6% - The exhibitor is able to incite audience interest and participation, to evaluate understanding and to respond adequately to questions

012345678910

5% - The presentation is dynamic (enthusiasm and presence)

012345678910

3% - The proper terms are used and the subject matter is well popularized

Visual Presentation - [14%]

012345678910

7% - Developing an attractive, original and appropriate presentation for animation and understanding

012345678910

5% - The visual aids are clearly laid out (they are readable, and presented in an orderly fashion, facilitating the public’s understanding of the demonstration)

012345678910

2% - The written language and terminology used are of high quality

WRITTEN REPPORT AND INTELLECTUAL INTEGRITY - [12%]

012345678910

6% - Project summary and content (page, introduction, results and analysis, conclusion)

012345678910

2% - General presentation (quality of language, neatness and easy-to-read text)

012345678910

4% - The various report components are included - bibliography (bibliography in accordance with sources consulted for the project)
